Selimiye Yacht Charter

These two brand new 2015 model Bavaria yachts are based in the heart of the beautiful village of Selimiye on the Bozburun Peninsula.

This location is very convenient for exploring the wonderful Bozburun and Datca Peninsulas. It saves the stress and tedious sailing from the busy Marmaris marinas getting out to the Bozburun Peninsula. Starting from Selimiye your cruise starts the moment you go onboard.

Starting from the 2015 season the firm is operating one 37 foot Bavaria Cruiser and one 41 foot Bavaria Cruiser, both available for weekly charters

About Selimiye

Selimiye is a pretty cosmopolitan village that is very popular with Turkish tourists. It has some famous fish restaurants and a wide range of quality 'arty' shops.

The transfer time from Dalaman airport (DLM) to Selimiye is about 2 hours. Transfers from Bodrum airport (BDV) take about an extra 25 mins.

The firm can arrange Dalaman airport transfers and local accommodation.
